

RESOLUTION NO. 75692

A RESOLUTION OF THE COUNCIL OF THE CITY OF SAN JOSE AMENDING EXHIBIT B OF RESOLUTION NO. 73587 AS AMENDED, TO PROVIDE FOR THE RETROACTIVE DEFERMENT OF THE PAYMENT OF PARKLAND FEES, AND THE INTEREST AND PENALTY CHARGED PURSUANT TO CHAPTER 19.38 OF THE SAN JOSE MUNICIPAL CODE FOR RESIDENTIAL PROJECTS WITH APPROVED FINAL MAPS AND PARCEL MAPS AND FOR WHICH BUILDING PERMITS HAVE NOT BEEN ISSUED

WHEREAS, the City of San José ("City") enacted the Parkland Dedication Ordinance, San José Municipal Code ("SJMC") Chapter 19.38 ("PDO") in 1988 and the Park Impact Ordinance, SJMC Chapter 14.25 ("PIO") in 1992 to meet the demand for new neighborhood and community parkland generated by development of new residential subdivisions and new non-subdivided residential projects; and

WHEREAS, on January 9, 2007, the City Council adopted Resolution No. 73587 setting forth the Schedule of Parkland In-Lieu Fees charged and credits issued pursuant to Chapters 14.25 and 19.38 of the SJMC and reduced and deferred payments of parkland in-lieu fees for developers of projects containing Downtown Units, as that term is defined in Resolution No. 73587; and

WHEREAS, since that time, Resolution No. 73587 has been amended as follows: 1) Resolution No. 73906 amended Exhibit A and the definition of "Projects in Process," 2) Resolution No. 74382 allowed the additional extension of up to eighteen (18) months for payment of parkland fees by developers of projects containing Downtown Units, 3) Resolution No. 75219 retroactively deferred the payment of parkland fees, interest and penalty until January 15, 2011 for residential projects that have an approved parcel or final map and have not been issued a building permit, and 4) Resolution No. 75249 allowed the additional extension of up to thirteen (13) months for payment of parkland fees by developers of projects containing Downtown Units; and

WHEREAS, pursuant to SJMC 19.38.335, developers are required to pay parkland fees for a residential project in full prior to City's approval of the final or parcel map. In the alternative, as a condition of City's approval of the final or parcel map, developers may enter into a parkland agreement with the City which provides for payment of the parkland fees in full, concurrent with the issuance of the first building permit for the

residential project, but no later than one (1) year after City's approval of the final or parcel map unless the Schedule of Parkland Fees and Credits provides for delayed payment of the parkland fees; and

WHEREAS, due to the unprecedented economic conditions confronting residential developers, certain developers who currently have an approved final or parcel map are unable to commence construction of their residential projects and are currently either in default of their obligation to pay parkland fees to the City or will be in default in the near future; and

WHEREAS, the City Council believes that residential development in the City is critical to the economy of the City and making the City a vibrant place to live, work and visit, and allowing the deferral of the parkland fees for developers who have an approved final or parcel map and are unable to commence residential construction will encourage continued investment in the City; and

WHEREAS, this Resolution further amends Resolution No. 73587, as amended, to allow the City Manager to enter into written agreements with developers of projects with approved final or parcel maps that have not been issued a building permit for the residential development project in order to defer the payment of parkland fees as more particularly set forth in this Resolution;

NOW THEREFORE, BE IT RESOLVED by the Council of the City of San José that:

SECTION 1.

Section 1.C of Exhibit B of Resolution No. 73587, as amended, is hereby amended as follows:

 - a. Developer has entered into a fully executed parkland agreement with the City prior to the date City Council adopts this Resolution to pay parkland fees concurrent with the issuance of the first building permit for the residential project, or within one (1) year from the date of the approval of the final or parcel map, whichever occurs first; and
 - b. City has approved the final or parcel map for the development project associated with the fully executed parkland agreement prior to the date the City Council adopts this Resolution; and
 - c. City has not issued any building permit(s) for residential construction associated with the development project under the fully executed parkland agreement; and
 - d. Developer and the City shall enter into a written amendment to the parkland agreement on or before March 1, 2011, which will be fully executed by all parties and recorded in the Santa Clara County Recorder's Office against the real property on which the development project is located, and which amendment

provides that all parkland fees shall be due and payable in accordance with this Resolution.

3. The City Manager is authorized to execute all such amendments to parkland agreements deferring payment of parkland fees in accordance with this Resolution.
4. The provisions of this Subsection C shall automatically expire on January 15, 2012.
